# MASH-UP MATH

Every Monday at school we always try a Mash-Up Math question. Can you solve it this week?

(you do not need to submit your answer)

## TWO TRUTHS + ONE LIE!

Use your math skills to determine which of the three statements below is a dirty lie! Explain how you made your decision.

$$\text{Taco} = 2 \quad \text{Coffee} = 5 \quad \text{Ice Cream} = 0$$

1  $\text{Taco} \times \text{Coffee} = 8 + \text{Taco}$

2  $\text{Ice Cream} = \text{Ice Cream} \times \text{Ice Cream}$

3  $\text{Coffee} - \text{Taco} \times \text{Ice Cream} = \text{Ice Cream}$
